We recommend that you keep a copy of your policy schedule for your records.

If the repairing or replacing is not carried out, **the insurer** will pay the amount by which the **property** has gone down in value as a result of the **damage** or the estimated cost of repair, whichever is lower.

The insurer will take off an amount for wear and tear if the buildings or any part of a building is not properly maintained or in a good state of repair.

Contents Section

The insurer will pay the full cost of replacing or repairing any damaged **property** as new. **The insurer** may do this by using one of their suppliers. If the item cannot be repaired or replaced, **the insurer** will pay the cost of an equivalent replacement.

The insurer will take off an amount for wear and tear:

Claims Settlement

Following **damage** by an insured peril, and subject to the adequacy of the **sum insured**, **the insurer** will pay the full cost of repairing or replacing the damaged **property**/buildings or contents. The most **the insurer** will pay is the limits shown in the **policy** or the **sum insured** shown in your **certificate**.

When **the insurer** pays your claim **the insurer** will take off the **excess** shown in your **certificate**.

The insurer can choose to settle your claim by replacing, reinstating, repairing or by payment. If **the insurer** are able to replace, payment will be limited to the cost of replacement by **our** preferred supplier. **The insurer** will not pay for **property** that does not belong to you, unless you are legally responsible for the cost of replacement, as new, under the terms of a valid agreement.

The insurer may proportionally reduce the amount paid if **the insurer** find the **sum insured** to be inadequate. Please see **policy** conditions and exclusions, 7. Underinsurance on page 17.

In the event of **damage** to matching set groups and collections, **the insurer** will not pay for the cost of replacing or changing any undamaged item or parts of items forming part of a pair, set, suite or other article of uniform nature, colour or design when **damage** or breakage occurs within a clearly identifiable area to a specific part and replacements cannot be matched.
